

# NMT MAX II UPGRADE POSSIBILITIES

## NMT MAX II

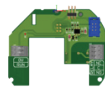

- Auto mode
- Proportional pressure
- Constant pressure mode
- Fixed speed mode
- Night mode
- Dry running detection
- Automatic venting
- EEI ≤ 0,2

POSSIBLE TO  
UPGRADE

## NMT MAX II S

- Auto mode
- Proportional pressure
- Constant pressure mode
- Fixed speed mode
- Night mode
- Dry running detection
- Automatic venting
- EEI ≤ 0,2
- Start/stop input
- Relay output

## NMT MAX II U COMING SOON

- Auto mode
- Proportional pressure
- Constant pressure mode
- Fixed speed mode
- Night mode
- Dry running detection
- Automatic venting
- EEI ≤ 0,2
- Start/stop input
- 2x Relay output
- Max/Min input
- 0-10V input

POSSIBLE TO  
UPGRADE

## NMT MAX II C

- Auto mode
- Proportional pressure
- Constant pressure mode
- Fixed speed mode
- Night mode
- Dry running detection
- Automatic venting
- EEI ≤ 0,2
- Start/stop input
- 2x Relay output
- Max/Min input
- 0-10V input
- 4-20mA input
- PWM input
- Modbus (RS485 and TCP/
- Web server
- Bacnet

### Spare/upgradable parts

Type	Communication module S	Communication module U	Communication module C
Single pump codes	979528148	979528149	979528150
Twin pump codes	/	979528356	979528155
